He's the absolute best and I hope he teaches more courses.

I love Mr. Ghosh's class. Mr. Ghosh is definitely the 'hottie' of the economics department (even hotter than Ross Geller). Lol. Anyway, I learned a lot in his class. The examples and exercises he gave helped me a lot in understanding concepts and preparing for exams. He never minds spending time answering our questions and going over materials if anyone doesn't understand something. I would love to take a class taught by him again.

Professor Ghosh has a very effective teaching method and goes out of his way to help any time he can. Office hours are extremely helpful and he was also able to help me out of class through email.

Professor Ghosh's ECON201 class was a very good review of basic economic concepts, given I had taken IB higher level economics along with DE and AP, yet Professor Ghosh taught in a very understandable way that acted as a review for me and introduction to a majority of the class who had never taken an economics class.

Best Teacher in Drexel he should teach more classes!!

Very good class

Great professor.

Ishan is an outstanding professor and will go above means to make sure a student understands the material.

Ishan is an effective teacher, but as someone who has never been exposed to economics at all, I felt overwhelmed by the course. At some points, I didn't understand what was going on at all. I feel like this class could benefit from breaking into small study groups. At least that's what I'm trying to do as I prepare for the final.

Really good professor in my opinion, gives a lot of effort to teach us, grading fairly, overall very good professor

This class was difficult for me, but Professor Ghosh was very understanding and made sure that everyone in the class had an opportunity to ask questions and fully understand the information before moving on. The class seemed rushed at times, but I think that the class was beneficial overall.

Ishan ghosh was able to teach us concepts of the topics and if any doubt would arise he would clarify it within the class or in his office hours

Awesome Professor

Ishan was a great professor. He communicated the material well and really cared about his student's learning. He taught a great class and is a wonderful professor and person.

Great professor! Taught us very well and made sure all of us knew the material well and were all prepared for the exams.

Was always available and willing to give extra help!

Ishan is a great guy, he made class very enjoyable to be in. I would definitely take another class with him, he does a great job in involving the class and just making sure everyone has a part.

Very kind and attentive professor; made sure students understood material and took time to go over topics in depth. Used time efficiently and was very clear.

Best teacher I have ever had
